Dear Nicole

Thank you for sending your election priorities and the work you do to prevent and reduce alcohol-related harm.

Introduction (to include in your election publication):

Established in 2010 from the political centre, Sustainable Australia aims to secure an economically, environmentally and socially sustainable Australia.

Sustainable Australia is contesting all five ACT electorates.

Our key 2016 policy priorities are as follows:

- Save Canberra from overdevelopment
- Lower rates
- Protect our trees

But we don't just focus on overdevelopment, rates and trees...

We have released a range of ACT-specific policies including Economy & Jobs, Energy, Environment, Gambling, Housing, Planning, Public Service, Rates, and Community Councils.

Kind regards
John Haydon
